The muscular, deep-chested students of Richmond College yesterday celebrated the fourth annual field-day of the institution. and from morning until evening gave exhibitions of their strength and agility be-fore a large assemblage of enthusiastic

spectators.

The weather was exceedingly hot, and the sun beat down upon the campus with unrelenting fury, but the heat in no way unrelenting fury, but the heat in no way impaired the exercises or affected the contestants, who were thinly clad and in the pink of condition. The crowd who watched the sports comfortably seated themselves under the trees and in all the available shady spots, and, trusting the collegians like the man who drops the nicket in the slot, they let them "do the rest."

The day was much too warm for violent exercise, but those who aspired for honors acquitted themselves excellently, and many of the records of the preceding year were broken.

many of the records of the preceding year were broken.

The committee in charge of the grounds consisted of Professor F. W. Boatwright (chairman), Messrs. R. E. Gaines, J. A. Marstella, C. T. Taylor, and H. Hutcher, Jr., while the judges were Professor C. M. Hazen, Professor H. F. Smith, and Mr. Allen Potts. BEGUN IN THE EARLY MORNING.

The programme commenced at 9 o'clock in the morning, and the following are the entries and winners of the contests which took place before dinner:

The following were those who took part in the preliminary gymnasium drill, which was directed by Mr. Charles T. Taylor: A. Blair, W. D. Blair, Bradshaw, Cardenas, Clements, Cox, Dunaway, C. S. Dickinson, Fairbanks, Gregory, Hambleton, Hayes, Henritze, Reamy, Long, Tucker, Read, and Whitfield.

The six men who acquitted themselves best in the drill were selected for the regular contest, which took place after dinner. Here are their names: Bradshaw, Cox, W. D. Blair, Reamy, Long, and C. D. Dickinson, THE GYMNASIUM DRILL.

MANY PRETTY GIRLS PRESENT. The atternoon sports commenced at 3 o'clock, and the attendance was much larger than in the morning. Many ladies were present and the fair pupils of the Richmond Female Istitute were well re-

Richmond Female Istitute were well represented among the spectators.

The exercises commenced with a tennis tournament. Several days ago the peliminary contest was played off by nine of the students, and from this number the three best were selected to end the struggle on field-day. The lucky men were Edmund and Roger Harrison, brothers, and Mr. Crittenden. This trio did some clever-playing in singles, but finally Crittenden got the better of his orponents and won the laurels, while Roger Harrison came out second. The former was afterwards awarded the gold medal and the latter the prize racket.

wards awarded the gold medal and the latter the prize racket.

The six men selected from the gymnasium class, which gave an exhibition of its skill in the morning, had a final contest for the medal, and Bradshaw won first honors, a gold medal, while W. D. Blair, who came in second, was awarded a simi-

lar prize.

A. D. Louthan captured the laurels in high-iumping contest, and made a record of 5 feet 4 inches.

LOUTHAN GETS THE COAL. The coal race, which was a grand "scuffle and "every-man-for-himself" fight, greatly amused the spectators. The following were the entries: Corey, Bradshaw, Harris, Lutrell, Ellyson, Louthan, and Fairbanks. Louthan was the winner, and also the recipient of a ton of coal, the prize offered to the most agile young man who participated in this interesting struggles. His time was 1:55.

who participated in this interesting struggle. His time was 1:55.

Of all the afternoon sports the pole-vaulting, for which a gold medal was offered, excited the most interest. Those who took part in the contest were Louthan, C. T. Taylor, J. H. Read, L. B. Samuels, and H. C. Burnett, All of these are superb athletes, and it took a considerable while for the list to be so narrowed down that the public could gain any idea as to who would be the winner. After every jump the string was raised higher, but the contestants were equal to the occasion. jump the string was raised higher, but the contestants were equal to the occasion. Finally, after a highly exciting struggle, Henry C. Burnett made the telling lean. His record was 8 feet 10 inches, which is exceptionally good. He is the smallest man of all who took part in this sport. Samuels made the next best record, jumping 8 feet 8 inches, while Louthan came in third, with a record of 8 feet 5 inches. THE CLOSING EVENT.

The elephant race, which was another burlesque contest, requiring strength and nerve, closed the sports of the day. Henry Ellyson and his little brother Douglas were the victors, while Taylor and Corey came

n second.

Professor Winston delivered the medals, and as he handed the prizes to the successful contestants he made some witty personal allusion, which tended to make his remarks exceedingly felicitous. The medal for the best all-round athlete was awarded to J. H. Read.

THE SUPERIOR

Medicine is the term by which Ayer's Sarsaparilla is best known, to distinguish it from all similar preparations. It is SUPERIOR, because it has for its base the true Honduras Sarsaparilla root, the variety richest in medicinal properties. It is SUPERIOR, because the Yellow Dock-another of the ingredients—is raised expressly for us, and we know what it is. It is SUPERIOR, because all the other articles comprising this preparation are the choicest of their kind, and because they are known to have a specific value in the treatment of diseases originating in impure blood. It is SUPERIOR, because a dose of the same measure may be relied upon to always produce the same effect. It is SUPERIOR in combination, SUPERIOR in proportion, SUPERIOR in appearance, and SUPERIOR in all that goes to strengthen and build up the system, weakened by disease and pain. It purifies, enriches, and vitalizes the blood; it cures Scrofula, Scrofulous Humors, Catarrh, Rheumatism, Dyspepsia, Liver and Kidney Diseases. If you need a blood
